## The Attention of the Trade

Is respectfully called to our Price List of especially selected **Imported and American Grown Bulbs and Florists' Flower Seeds.** We give this branch of our business the most careful attention, and feel fully satisfied that a trial will give the greatest satisfaction to the grower.

The imported bulbs offered in this list have been selected from the stock of the most reliable growers in Holland, France and Germany, and are all of the best quality.

We wish it distinctly understood that we do not in any way guarantee seeds or bulbs. We employ every effort to secure the best, and test every variety we offer. Notwithstanding these precautions, seed, as well as bulbs, often fail to produce the desired results. This comes from variation of soils, climatic influence and other conditions over which the seedsman has no control. For these reasons any guarantee, express or implied, cannot be given.

**Terms of Payment.**—For all bulbs, 25 per cent. of the amount of invoice to be paid on delivery of bulbs, and the balance 90 days after date.

**A Discount** of 3 per cent. for cash with order.

**C. O. D. Orders** from unknown correspondents must be accompanied with cash for 25 per cent. of amount ordered.

**All claims** must be made immediately upon receipt of goods.

**Prices:** 250 bulbs furnished at 1000 rate and 25 at 100 rate. Special quotations on larger quantities than offered here submitted upon application.

Unknown correspondents desiring to open an account will please furnish satisfactory reference, otherwise cash must accompany order.

Remittances should be made by Post-Office Money Orders, Drafts on New York Banks or Express Money Orders. Where it is not possible to obtain these, the letter should be registered.

Before sending your order give shipping instructions and write name and address distinctly on every order.

**We make no charge for Packing** and deliver all goods free on board railroad or steamship in New York.

# FORCING BULBS

## Russian Lily of the Valley

The Earliest, Cheapest and Best Valley in the Market.

The Russian Lily of the Valley is not only the finest Valley that was ever imported, but it is decidedly the cheapest for the florist to grow. With proper treatment the pips have produced 100 per cent. of strong, stiff spikes, bearing 12 to 15 large pure white bells.

Most of the prominent florists in the United States and Canada who forced the Russian Lily of the Valley last season have duplicated their orders this year, and in some instances have ordered double the quantity.

**Price, per 1000, \$15.00**

per original case, 2,500 pips, \$32.50

per 4 original cases, 10,000 pips, \$125.00

## S. & W. Special Bedding and Forcing Hyacinths

The bulbs under this heading are of a much larger size than those put in ordinary mixtures; in fact, they are the second size Named Sorts. They will produce grand spikes of bloom, and the different sorts, as offered below, all being of one shade of color and all blooming at one time, render them of great value for forcing or bedding out, especially in designs, enabling one to secure the exact color effect desired, which is a great advantage over mixed reds, mixed blues, etc., at but a slight advance in price.

## Clay's Celebrated Fertilizer

On account of the high reputation which this Fertilizer has in England, and as we have had many inquiries for it by gardeners here, we have imported some from Messrs. Clay & Son, which we offer at the following prices. It is undoubtedly one of the best manures for all horticultural purposes, either in greenhouse or garden, and we believe its high reputation is well deserved. It is productive and lasting, and notwithstanding its apparently high price it is quite economical. Prices, in bags, 1 cwt. (112 lbs.), \$5.50;  $\frac{1}{2}$  cwt. (56 lbs.), \$3.25;  $\frac{1}{4}$  cwt. (28 lbs.), \$1.75;  $\frac{1}{8}$  cwt. (14 lbs.), \$1.00.

## Thomson's Special Chrysanthemum Manure

An Excellent Stimulant

**Directions for Use.**—Ordinary vine and plant manure is admirably adapted for mixing with the soil when potting such plants as Chrysanthemums.

The special manure is meant to be used as an additional stimulant during the growing season.

A heaped dessertspoonful will be sufficient for a 10-inch pot, sprinkled over the surface of the soil, and watered in with tepid water. This may be given three times during the growing season. The very best results will follow.

**Price.**—56 lbs., \$5.50; 28 lbs., \$3.00; 14 lbs., \$1.75; 7 lbs., \$1.00.

## Tremlow's English Putty

The best soft glazing putty made. One gallon, \$1.25; 10 gallons, \$15.00; 50 gallon barrels, \$1.00 per gallon.

## Genuine Peruvian Guano

**Peruvian Guano Contains More Than Twice as Much Plant Food** as most of the so-called special fertilizers sold at \$30 to \$40 per ton. For example, the grade we offer contains:

20.00% of Lime,  
3.75% of Ammonia,  
39.00% of Bone Phosphate,  
4.00% of Potash,  
24.25% of Organic Matter,

making a total of 91.00 lbs. in every hundred that are all plant food. There is no other fertilizer, either manufactured or natural, which contains as much plant food as this, or in so available forms.

Experiments with this material during the past season on squash, corn, potatoes, wheat, onions, oats, all kinds of garden truck, flowers and lawns, have given the finest possible results. Per 5 lbs., 25c.; per 10 lbs., 45c.; per 25 lbs., \$1.00; per 50 lbs., \$1.50; per 100 lbs., \$2.50; per 200 lbs., \$5.00; per ton, 2000 lbs., \$35.00.

## Bone Flour—Quick-Acting

This bone is ground as fine as it is possible to have it, and where a high grade bone is wanted for immediate results, we recommend its use. Price, 50 lbs., \$1.50; 90 lbs., \$2.25; per ton, \$38.00.

## Bone—General Use

This bone is ground to about pin-head size, with a fair percentage of flour bone, and where a high-grade bone for immediate and continuous use is wanted, would advise using this grade. Price, 50 lbs., \$1.35; 100 lbs., \$2.25; per ton, \$34.00.

## Bone—Top Dressing

For top dressing lawns, and use in gardens. Price, in barrels only, 200 lbs., \$3.50; ton, \$30.00; per 5 tons, \$130.00.

## Thomson's Vine, Plant and Vegetable Manure

Splendid for all Purposes

112 lbs., \$5.50; 56 lbs., \$2.85; 28 lbs., \$1.50; 7-lb. tins, 75c.; 3-lb. tins, 50c. So compounded as to make a perfect plant food—stimulating and sustaining. Directions for use will be placed in each sack, and printed on the tins.
